BILLING CODE 3510-22-P

COMMITTEE FOR THE IMPLEMENTATION OF TEXTILE AGREEMENTS

Request for Public Comment on a Commercial Availability Request Under the U.S.-Bahrain Free Trade Agreement

AGENCY: Committee for the Implementation of Textile Agreements (CITA).

ACTION: Request for public comments concerning a request for modification of the U.S.-Bahrain Free Trade Agreement (USBFTA) rules of origin for certain knit and woven apparel made from certain knit and woven fabrics.

SUMMARY: The Government of the United States received a request from the Government of Bahrain, submitted on March 23, 2017, to initiate consultations under Article 3.2.3 of the USBFTA. The Government of Bahrain is requesting that the United States and Bahrain ("the Parties") consider revising the rules of origin for certain knit and woven apparel to address availability of supply of certain knit and woven fabrics in the territories of the Parties. The President of the United States may proclaim a modification to the USBFTA rules of origin for textile and apparel products after the United States reaches an agreement with the Government of Bahrain on a modification under Article 3.2.5 of the USBFTA to address issues of availability of supply of fibers, yarns, or fabrics in the territories of the Parties. CITA hereby solicits public comments on this request, in particular with regard to whether certain knit and woven fabrics can be supplied by the U.S. domestic industry in commercial quantities in a timely manner.

DATES: Comments must be submitted by July 21, 2017 to the Chairman, Committee for the Implementation of Textile Agreements, Room 30003, United States Department of Commerce, Washington, DC 20230.

FOR FURTHER INFORMATION CONTACT: Homer Boyer, Office of Textiles and Apparel, U.S. Department of Commerce, (202) 482-5156.

SUPPLEMENTARY INFORMATION:

Authority: Section 202(j)(2)(B) of the United States-Bahrain Free Trade Agreement Implementation Act (19 U.S.C. 3805 note) (USBFTA Implementation Act); Executive Order 11651 of March 3, 1972, as amended.

Background: Article 3.2.3 of the USBFTA provides that, on the request of either Party, the Parties shall consult to consider whether the rules of origin applicable to a particular textile or apparel good should be revised to address issues of availability of supply

of fibers, yarns, or fabrics in the territories of the Parties. In the consultations, pursuant to Article 3.2.4 of the USBFTA, each Party shall consider all data presented by the other Party that demonstrate substantial production in its territory of a particular fiber, yarn, or fabric. The Parties shall consider that there is substantial production if a Party demonstrates that its domestic producers are capable of supplying commercial quantities of the fiber, yarn, or fabric in a timely manner. The USBFTA Implementation Act provides the President with the authority to proclaim as part of the HTSUS, modifications to the USBFTA rules of origin set out in Annex 3–A of the USBFTA as are necessary to implement an agreement with Bahrain under Article 3.2.5 of the USBFTA, subject to the consultation and layover requirements of Section 104 of the USBFTA Implementation Act. *See* Section 202(j)(2)(B)(i) of the USBFTA Implementation Act. Executive Order 11651 established CITA to supervise the implementation of textile trade agreements and authorizes the Chairman of CITA to take actions or recommend that appropriate officials or agencies of the United States take actions necessary to implement textile trade agreements. 37 FR 4699 (March 4, 1972), reprinted as amended in 7 U.S.C. Sec. 1854 note. The Government of the United States received a request from the Government of Bahrain, submitted on March 23, 2017, requesting that the United States consider whether the USBFTA rule of origin for certain knit and woven apparel should be modified to allow the use of certain knit and woven fabrics that are not originating under the USBFTA.
